

## **STUDENT INSURANCE**

KSHSAA Catastrophic Insurance is purchased by USD #284 to cover major athletic injuries.

An all-pupil standard insurance plan is purchased by USD #284 to cover injuries that occur at school. Also available is a 24-hour coverage plan for parents to purchase for their children. See the school office for more information. It is wise for parents to carry good injury insurance on their personal policy even though school insurance is purchased to cover all school related activities.
